Jeff's schedule is pretty tight next week, but here are the blocks of time that he is available next week:

Monday, April 27

10:30 - 11:00 am EDT

Thursday, April 30

9:30 - 10:00 am EDT

2:30 - 4:00 pm EDT

Friday, May 1st

10:00 - 11:00 am EDT

1:00 - 2:00 pm EDT

3:00 - 4:00 pm EDT

Hi Matt,

Christine and I talked yesterday, and we would like to include Jeff Payne, my office director, on the call with Will and Dennis. We know schedules are hard, so if for any reason we can't find a sweet spot for next week, please let us know ASAP and we'll figure something out. It might be easiest may be to find a spot late in the East Coast day.

Please work with Amy Berman (cc'd on this message) to help find that sweet spot with Jeff Payne's schedule. I think you're good to with Joan, who works with Will, but let me know.

Thanks, Joelle

Matt, could you find a time on Dennis' calendar for me, Joelle Gore (NOAA), and Will Stelle to meet as per Dennis' note below?

Thanks,

Christine Psyk, Associate Director

Subject: Re: Latest meeting w Whitman & Governor

Joelle and all:

Will and I had a call with Richard Whitman and Dick Pedersen last Tuesday. I followed that with a meeting on Wednesday with Administrator McCarthy, Governor Brown, Richard Whitman and Dick Pedersen. The conversations went well with the Governor expressing her intention to work with us to address improvements in forest practices. There was some discussion of how discussions on agricultural issues might occur. All agreed that discussions on agricultural issues should be underway now with the intention of hearing how Oregon Department of Agriculture leadership and staff feel they are addressing comments and concerns with additional monitoring and documentation of what is being done and anticipated. On forestry issues there was a request for some patience on our part over the next two to three weeks while key legislative actions are finalized. There was also a strong indication that the State would initiate the first letter to us expressing their desire to work with us to resolve the outstanding forest practices issues. We would then follow with our letter with the gaps memo attached. Richard expressed interest in further discussions about woody debris and also wants to discuss recent changes to our language regarding meeting water quality standards.

We should schedule a call between Will, me, Joelle and Christine to follow up.

Dennis McLerran
Regional Administrator
EPA Region 10
(206) 553-1234
